48° Curved Cup & Tips for Air/Water Barrels

Expand the aluminum welding capabilities of your **Prince XL, Python & Python LX** welding guns with the addition of a Curved Gas Cup and Contact Tips.

Made to fit **all** current production Straight, Air/Water and Air Cooled barrels for the Prince XL, Python & Python LX welding guns. The simple, curved design of these tips establishes a more positive electrical contact with the welding wire; enhancing arc strikes and arc characteristics. The narrow profile of the Curved Gas Cup (3/4" outside diameter) enables the operator to reach in and weld in very tight spaces, seams or gaps.

To adapt the curved front-end assembly to your straight barrel, choose from the part numbers shown below:

	<u>Tip P/N</u>	<u>Tip ID</u>	<u>Wire Size</u>
Choose One	621-0452	.054"	.030 & .035"
	621-0453	.060"	.040 & 3/64"
	621-0455	.085"	1/16"
Required	621-0375	Curved Gas Cup	
	003-2230	Curved Tip Adapter	
	449-0193	Chrome Nut	

48° Curved Cup, Chrome Nut and Adapter shown assembled on a Straight Air/Water Barrel on a Prince XL.
